The AAA's Rules provide the AAA with the authority to administer an arbitration including, arbitrator appointment and challenges, general oversight, and billing. Accordingly, arbitrations that proceed without AAA administration are not considered AAA arbitrations, even when the parties select an arbitrator who is on the AAA's Roster.

The information contained in this resume has been supplied solely by the individual arbitrator and may, or may not, be a complete reflection of their experience. The AAA assumes no responsibility for the content, completeness, accuracy, or reliability of the information contained in an arbitrator's resume. If you have any questions about an arbitrator's experience or background, you are encouraged to contact your case manager.

Arbitrators on the AAA Roster are not employees or agents of the AAA.

hotels, condos, broadband, telecommunications, airports, stadiums and sports complex arenas, casino, data center, defense projects, hospitals, schools, DOT/department of transportation, highway construction, toll, rail, bridge, prisons, mining projects (infrastructure and processing in zinc, silver, gold, and coal), oil and gas, pipeline, wind, biomass, solar projects, fertilizer plants (urea, ammonia, nitric acid), and other infrastructure and Mega projects. Has substantial experience in complex construction disputes, including Federal contracting, Federal and state bid protests, defect, delay, lost productivity, indemnity, breach of contract, differing site condition, COVID, and fraud matters. Is also often called upon by clients during the course of a project as "Project Counsel" to assist as issues arise so that claims can be avoided if possible, and frequently provides training to his clients on understanding and implementing contract terms and conditions, document management (including proper job cost and other construction reports), and claims avoidance and preparation. Has negotiated and advised on financing documents and other agreements and reference documents typically associated with such projects, including those relating to railroad, drainage system, geotechnical investigation, hazardous material/environmental, utility investigation and relocation, groundwater, intelligent transportation system infrastructure, and right-of-way issues.

After working in a national law firm, co-founded Berg Hill Greenleaf Ruscitti LLP in 2001, and BHGR has grown into a full service national law firm with offices in Irvine, San Diego, Denver, Boulder, and Cheyenne. Currently serves as the firm's Managing Partner and is the Chair of the firm's National construction practice group. Based in the Denver metro area, is licensed in New York and Colorado, and has a national and international construction law, arbitration and mediation practice. Has worked on construction projects in over 30 states, as well as internationally in Canada, Central America, South America and Europe.

Very active in the construction law community nationally, frequently speaking and writing on construction law and arbitration topics, including speaking at the AAA and Construction SuperConference events each year.

Experience
